

## CRAIG COUNTY TECHNOLOGY COALITION MEETING

### CRAIG COUNTY HIGH SCHOOL

July 14, 2003,

5:30 PM

**Members Present** – Adele Morris, Michelle Adcock, Sharon Reyer, Mary Page Cosby, Jon Johnson, Jamie Shetrone, Robert Roberts

### **BEV in a Box Demonstration – Robert Roberts and Jamie Shetrone**

- Robert presented an on-line demonstration of BEV in a Box. He pointed out each of the following components (**handout – BEV in a Box – Directory Demonstration**):
  - On-line directory
  - Village Mall – an on-line yellow pages directory of businesses
  - How to log-in as the administrator
  - Administration
  - Directory Status Codes (new, active, blocked, locked, old)
  - Moderator types – pre and post moderation (TLT decides on which approach to take.)
  - Demo Electronic Village
- Adele – What are the advantages of post moderation?
- Jamie – less up front work – Registrants can post listings to the directory or village mall immediately.
- Adele – Is it possible to get a separate e-mail from business e-mail?
- Jamie – This could be done.
- Robert – Demonstrated how to register as a user and how to administer new users
- Queen and King County now have 100+ groups that have registered on their site – they are active now.
- Adele – How can you tell if accounts are being updated?
- Jamie will check into this.
- Jamie – showed the group different home pages (some with top tabs, some with side bars)
- TLT members discussed possible looks and layouts for the Craig County home page.
- Michelle will check into the original web site – how it was purchased, etc.
- The TLT members decided on the following top tabs for the Craig County home page.
  - People
  - Home
  - Village Mall
  - Community Groups
  - Government
  - Education and Libraries
  - Calendar
  - About This Site (TOP efforts)
  - Youth
  - Seniors
  - Communities

Minutes
