CRAIG COUNTY
TECHNOLOGY LEADERSHIP MEETING
CRAIG COUNTY HIGH SCHOOL
DECEMBER 1, 2003
6:30 PM

The Craig County Community TOP Team met on December 1, 2003, to host a workshop for the leaders in the county. Staff from the Blacksburg Electornic Village provided presentations:

<u>Mathew Mathai</u> –

o   Background of grant and benefits to the county (Power Point attached).
o   Domain name to be selected by TLT for web site.
o   Publicity for launching website.
o   Identify registrar for Craig and Director/Administrator.
o   125 mk room for information.

<u>John Nichols</u> – Technology assessment and development of Master Plan for county. GIS pools to assess county for services and resources already available and what is needed. Need to determine wireless or fiber optics for internet availability.

<u>Robert Roberts</u> – Technology development (attached).

o   A short meeting of the Craig TLT met following the meeting to discuss a domain name and URL for the Craig site. It was determined that the domain name will be craigev (Craig Electronic Village) and three names will be registered as craig.net, craig.org, and craig.com as recommended by Mathew. The URL will be www.craigev.net. Adele and Dot were to register the information on 12/02/03, and use funds from the technology account's interest to pay the fee.
o   Faye Powers offered to assist Adele as web administration. Judith Greene and Dot Kincaid agreed to assist with the web site community calendar.
o   The next meeting of the TLT and interested leaders will be Monday, January 19, 2004.
